Loa-Brda-IMS.doc

to whom it concerns:

Herewith WL | Delft Hydraulics would like to inform you that IMS Consulting, Wroclaw, Poland, has participated in the Matra project: *MATO/PL/9/1- "Implementation of the Water Framework Directive in Poland with emphasis on the Brda river catchment area"*. The client, as well as WL | Delft Hydraulics would like to express their satisfaction about the services rendered by IMS Consulting.

As it had been agreed upon in the inception report the main four targets of the project were reached completely. The procedure for the implementation of the river basin management plan for the Brda river has been introduced and the basic document for the further development of the Brda river management plan elaborated. Moreover on request of the Regional Board of Water Management (RZGW) Gdansk an additional document – *Executive Summary/Action Plan*- was produced focusing on the water quality management in the Brda basin for the Bydgoszcz water supply system has also been elaborated.

IMS Consulting has participated in the Open Planning Process activities, the Legal and Institutional analysis, the Costs and Economics issues, and in the preparation of the Brda Basin Management Plan, the financial/economics report and the Executive Summary/Action Plan.

sincerely

C. Bons
Director Inland Water Systems

enclosure(s)

Decisive advice and design for all water-related issues.

The standard conditions for commissions to the Foundation DELFT HYDRAULICS, as filed with the office of the Clerk of the District Court in The Hague and the Chamber of Commerce and Industry in Delft (The Netherlands), shall apply to all commissions given to the Foundation DELFT HYDRAULICS.
